Lesson Blueprints: Current Events
Title: Overview
Grade Level: Middle and High School

Lessons:

- News Article/News Anchor Script
- Letter Writing
- PSA Poster
- What? So What? Now What?

Introduction:

Sometimes current events supersede curriculum. These lessons facilitate multiple learning styles to support the exploration of SEL topics in the news and on social media. Teachers determine how the topics will be selected as well as the news stories to be examined. Depending on resources, teachers can encourage students to review newspapers, magazines, radio news, television news, Internet news, and other local methods of news reporting. All lessons include specific procedures and assessment rubrics.
