- Lesson 3: Storyboard and Shooting Plan
- Lesson 3: Worksheet
- Lesson 4: Editing
- Lesson 4: Worksheet
- Lesson 5: Final Look
- Lesson 5: Worksheet
- Video Production Project Rubric

Introduction:

The process of creating an original video using iPads and the iMovie app to edit is broken down into five sequential lessons and includes worksheets and a final project rubric. Professional film production templates were used to structure the procedure and layout for the lessons. Teachers facilitate the process for topic selection and type of film: documentary or narrative.
